

StripTec UK – IP67 RGB COB LED Strip (15W/m)

High-Efficiency Outdoor RGB COB LED Strip

Illuminate your outdoor spaces with the **StripTec 15W IP67 RGB COB LED Strip**, engineered to deliver vibrant RGB lighting and superior efficiency. Its COB technology ensures seamless illumination without visible LED dots, while the IP67 rating guarantees excellent durability in outdoor and damp conditions. The flexible design with **50mm cut points** allows for tailored installations, making it ideal for residential, commercial, and architectural projects.

Technical Specifications

Parameter	Value
Product Code	RGBCOB-IP67-15W
Power Consumption	15W/m
Voltage	24V DC
Colour	RGB (Red, Green, Blue)
CRI	≥90
Beam Angle	120°
Cut Points	Every 50mm
IP Rating	IP67
LED Type	COB (Chip-on-Board)
Energy Efficiency	Class F
Operating Temperature	-20°C to +45°C
Max Run Length	7.5m
Recommended Driver	24V IP67 LED Driver
Control Options	RF / Bluetooth / 0-10V / Triac / DALI / DMX / WiFi
Mounting	Recommended installation in aluminium profile for heat dissipation
Reel Lengths	1m / 3m / 5m / 7.5m / 50m
Applications	Outdoor, Architectural, Decorative, Commercial, Hospitality
Warranty	5 Years

Key Features

- High-brightness COB technology for smooth, dot-free RGB lighting.
- IP67 waterproof rating – ideal for outdoor use.
- Flexible and easy to install – cuttable every 50mm.
- Compatible with multiple control systems (RF, Bluetooth, DALI, DMX, WiFi).
- Designed for architectural, commercial, and decorative lighting applications.
- Recommended installation in aluminium profile for added protection and longevity.
